EDUCATION

Reichman University (IDC Herzliya)

2019 – 2022

B.Sc. Psychology — GPA: 94/100 | Focus: Human-Computer Interaction & Behavioral Research

- **3rd Place, All-Israel National Debate Championship** — competed nationally in formal academic debate
- **MILAB, HCI Research Lab** — 2.5 years; progressed from junior researcher to leading study design, execution, data analysis, and paper writing
- **Founder, Happiness Club** — launched weekly lecture series on well-being and resilience; scaled to 150+ members, the largest student club at the university

EXPERIENCE

UG Labs

May 2022 – Present

International Projects & Business Development Lead | Tel Aviv, Israel

First employee at an AI startup building voice-based conversational technology for children in education and gaming. Company scaled from 0 to 25 people.

- **Designed and executed a 6-month US field deployment** (Boise, ID) independently — recruited and managed a team of field agents and a salesperson, built relationships with universities and daycare centers, and delivered **500+ research sessions** from a zero-network starting point
- **Led 1,200+ product research sessions** with children across Israel and the US; synthesized behavioral insights that directly shaped product iterations
- Managed end-to-end **vendor procurement** for a large-scale data annotation pipeline — ran full RFQ process, negotiated scope and pricing, and managed delivery; separately served as sole company POC for **Applause** to run an additional 500-session research cycle
- Built the company's **investor-facing research data package** — structured and visualized 1,000+ session dataset as the primary evidence base for fundraising and partner conversations
- Implemented **HubSpot CRM architecture** from the ground up; produced promotional video content end-to-end including multi-camera recording, editing, and casting
- Currently managing **15–20 active deals**; closed first independent deal; designed and ran a public workshop on AI for kids that is now an active product concept inside the company

Israel Defense Forces — Paratroopers, 101st Brigade

6 years, ending 2019

Company Commander | Current reserve rank: Major

- Commanded **160 soldiers** through the full training lifecycle — from induction through combat readiness — as final role in a six-year career
- Designed and executed basic and advanced training programs; managed complex multi-track scheduling and led the unit through demanding operational situations
- Advanced through all ranks to company commander over six years in one of Israel's elite infantry brigades
